Law Enforcement & First Responder Tactical Casualty Care (LEFR-TC2) - Tactical First Aid

Dates: LEFR-TC2 – April 4, April 24, June 13, August 1, October 3, December 5, 2018

$300.00 per open enrollment student includes all course materials, supplies and certification costs
(UASI Tracking No.18-02056) Grant Year (FY 2017)

The LEFR-TCC (sometimes pronounced "Leefer" or "Leefer-tcc") course presented by Strategic Operations Inc. is a 10 hour course, delivered in 1-day. It is a State of California approved and UASI approved Tactical First Aid Course. The course contains additional content, making the program exceed individual training requirements under the 2015 amendments to the California Code of Regulations as amended by AB1598.

This course is ideally suited to non-tactical first responders: Patrol officers, Paramedics, EMTs, EMRs, Firefighters, Allied professional responders

Upon successful completion of the course participants will:

• Understand the rationale for immediate steps of hemorrhage control
• Demonstrate the competent application of a tourniquet to the arm and leg
• Demonstrate the correct application of a topical haemostatic dressing
• Understand the progressive strategy for controlling catastrophic hemorrhage
• Understand appropriate airway control techniques
• Understand Unified Response to Violent Incident
• Recognize the tactically relevant indicators of shock
• Receive a nationally recognized LEFR-TCC Certification
• Receive Professional training credit:
  - LE (POST form 2-213 & 2-213A/Plan-LV pending)
  - EMS (CAPCE formerly known as CECBEMS)
