

MISSION STATEMENT

In the pursuit of a better quality of life for San Diego's homeless families, Strategic Operations Inc.'s vision is to produce innovative housing solutions for families who are struggling. By creating a healthy environment, we believe homelessness will decrease dramatically by giving them purpose and an understanding that they can function again as members of society.

STRATEGIC HABITATS

Strategic Operations, Inc designed an innovative, affordable, long-term solution for temporary housing for homeless families. Factory-built units are available in standard or ADA compliant configurations. These 480 Sq. Ft. single-family homes are equipped with full plumbing for your bathroom and kitchen, as well as air conditioning and heating for year-round comfort.

The all-electric kitchen comes fully equipped with a double-burner stove, microwave, and refrigerator/freezer. The fully furnished bedrooms can comfortably sleep two adults and two children with multiple storage options for the whole family. Horizontal and vertical configurations can be assembled into safe, secure family habitats with minimal site-prep.
